### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Upon reconsideration of the prior art, and applicant's arguments, it has been determined that the claims are not anticipated or deemed obvious over the prior art in which the claimed invention of a clincher for a stapler comprises a plurality of parallel projected lines having pointed edges, wherein a tip of the staple leg simultaneously engages with at least two of the edges; i.e. the width of the staple leg is inherently larger than the distance between adjacent edges. The closest prior shows parallel edges wherein the staple legs are guided "between" the edges, and further wherein the widths of the legs are inherently smaller than the distance between the edges.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
